

Civil Earthworks and Contracting

We have the expertise and resources to get the job done right.

- Our extensive fleet of equipment is readily available to ensure we meet all client requirements.
- Over 40 years of operation in the Regional Municipality of Wood Buffalo.
- Our services include early civil earthworks, major civil construction and final reclamation to support any stage of project.

Construction Services

Our civil earthworks and civil construction services are provided in partnership with Lakeshore Contracting Ltd. Lakeshore Contracting Ltd. has been in operation for over 40 years in the Regional Municipality of Wood Buffalo, developing a long standing reputation for providing superior service and exceptional results.

We have the expertise and resources to get the job done right. Being a leader in oil field construction and civil construction is made possible because we have the right people and partnerships that continue to elevate us above the industry norm and meet and exceed evolving project requirements. We have the heart for the people, the land, and an unparalleled passion for leaving a positive lasting impact on future generations.

Our extensive fleet of equipment is readily available to ensure we meet the requirements of all our clients. Equipment is inspected, maintained, and rigorously tested by skilled mechanical staff to ensure optimal mechanical and safety performance.
